

GARMIN GPS

eTrex H

\$149

Perfect for outdoor enthusiasts on a budget, eTrex H comes with a high-sensitivity GPS receiver that locks onto satellite signals quickly and maintains accuracy even in the toughest conditions. And just like the popular eTrex, this little yellow wonder combines an intuitive interface and a rugged exterior into a lightweight handheld that fits in the palm of your hand.

GPS60

\$269

The robust, waterproof GPS 60 is the perfect, low-cost navigator for wherever your spirit of adventure takes you: Large, sunlight-readable, four-level grayscale display with bright LED backlight makes it easy to find your way, day or night Up to 28 hours of battery life for more hours of outdoor enjoyment. WAAS-enabled for even more precise location and navigation Both serial and USB connections for fast and versatile connection to your computer

GPS72

\$229

The mariner-friendly GPS 72 is WAAS-enabled for accuracy to within 3 metres and features a large screen and easy-to-use buttons. Preloaded with worldwide cities as well as marine navigation aids, including lights, buoys, sound signals and day beacons. It also has an extra megabyte of internal memory, so you can load points of interest from optional MapSource disks. If you're into boating or fishing, you can use the 72's built-in celestial data, which includes tide information, sunrise/sunset times and a hunting and fishing calendar.

GPS76

\$299

The GPSMAP 76 is preloaded with a basemap of principle cities and roads as well as marine navigation aids, including lights, buoys, sound signals and day beacons. It also has 8 MB of internal memory, so you can load detailed maps from a variety of optional MapSource products. If you're into boating or fishing, you can use the 76's built-in celestial data, which includes tide information, sunrise/sunset times and a hunting and fishing calendar.

eTrex Legend HCx

\$399

Not much fazes the rugged eTrex Legend HCx. Its high-sensitivity receiver holds a GPS signal in the toughest environments. Similar to the Legend Cx, this handheld navigator also has a bright color screen, microSD card slot and automatic routing for wherever adventure takes you. With its high-sensitivity, WAAS-enabled GPS receiver, eTrex Legend HCx locates your position quickly and precisely and maintains its GPS location even in heavy cover. The advantage is clear whether you re in deep woods or just near tall buildings and trees, you can count on Legend HCx to help you find your way when you need it the most.

GPSMAP76C

\$499

Find your way through the wilderness with the GPSMAP 76Cx's high-sensitivity GPS receiver, which acquires satellite signals quickly and tracks your location in challenging conditions, such as heavy tree cover or deep canyons. The 76Cx's bright, colour TFT display makes it easy to distinguish details on the screen in any kind of lighting. And, like the rest of the 76-series, 76Cx is IPX7 waterproof and even floats in water.

Dakota 10

\$349

Outdoor navigation meets touchscreen simplicity in Dakota 10. This rugged, palm-sized navigator boasts touchscreen navigation, high-sensitivity GPS with HotFix"! satellite prediction, and a worldwide basemap in one affordable, power-packed punch. Dakota 10 makes outdoor navigation effortless with a tough, sunlight-readable, 2.6 inch color touchscreen display. The interface is easy to use, so you ll spend more time enjoying the outdoors and less time searching for information. Both durable and waterproof, Dakota 10 is built to withstand the elements: bumps, dust, dirt and water are no match for this rugged navigator. Get into paperless geocaching with Dakota 10 by quickly downloading up to 2,000 caches, with information such as location, terrain, difficulty, hints and description no more paper print outs and manually entered coordinates

GPSMAP 76CSx	\$549
<p>Find your way through the wilderness with the GPSMAP 76CSx's high-sensitivity GPS receiver, which acquires satellite signals quickly and tracks your location in challenging conditions, such as heavy tree cover or deep canyons. You can use the built-in electronic compass to view bearing information even while you're standing still, and the barometric altimeter tracks changes in pressure to pinpoint your precise altitude. You can even use the altimeter to plot barometric or ambient pressure over time, which can help you keep an eye on changing weather conditions. The 76CSx's bright, colour TFT display makes it easy to distinguish details on the screen in any kind of lighting. And, like the rest of the 76-series, 76CSx is IPX7 waterproof and even floats in water.</p>
